Health & Safety Policy

Local Authority

1. The London Borough of Newham has adopted a statement of policy on Health and Safety at work, which it issued to school (Health and Safety Management System File 1, SP005). Under the Fair Funding arrangements, the Authority retains the statutory duties as the employer of staff in community and voluntary controlled schools under the Health and Safety at Work Act 1974.
2. However, education legislation creates a complex set of relationships between schools and the Authority. Therefore, in order to ensure appropriate coverage of responsibilities, the school has adopted this Health and Safety Policy Statement.
3. The Local Authority has established a Health and Safety management system through which it issues information, advice and requirements to schools. This system, (which comprises 3 files) includes arrangements for the recording and monitoring of action taken by schools with regard to Health and Safety.

Governing Body

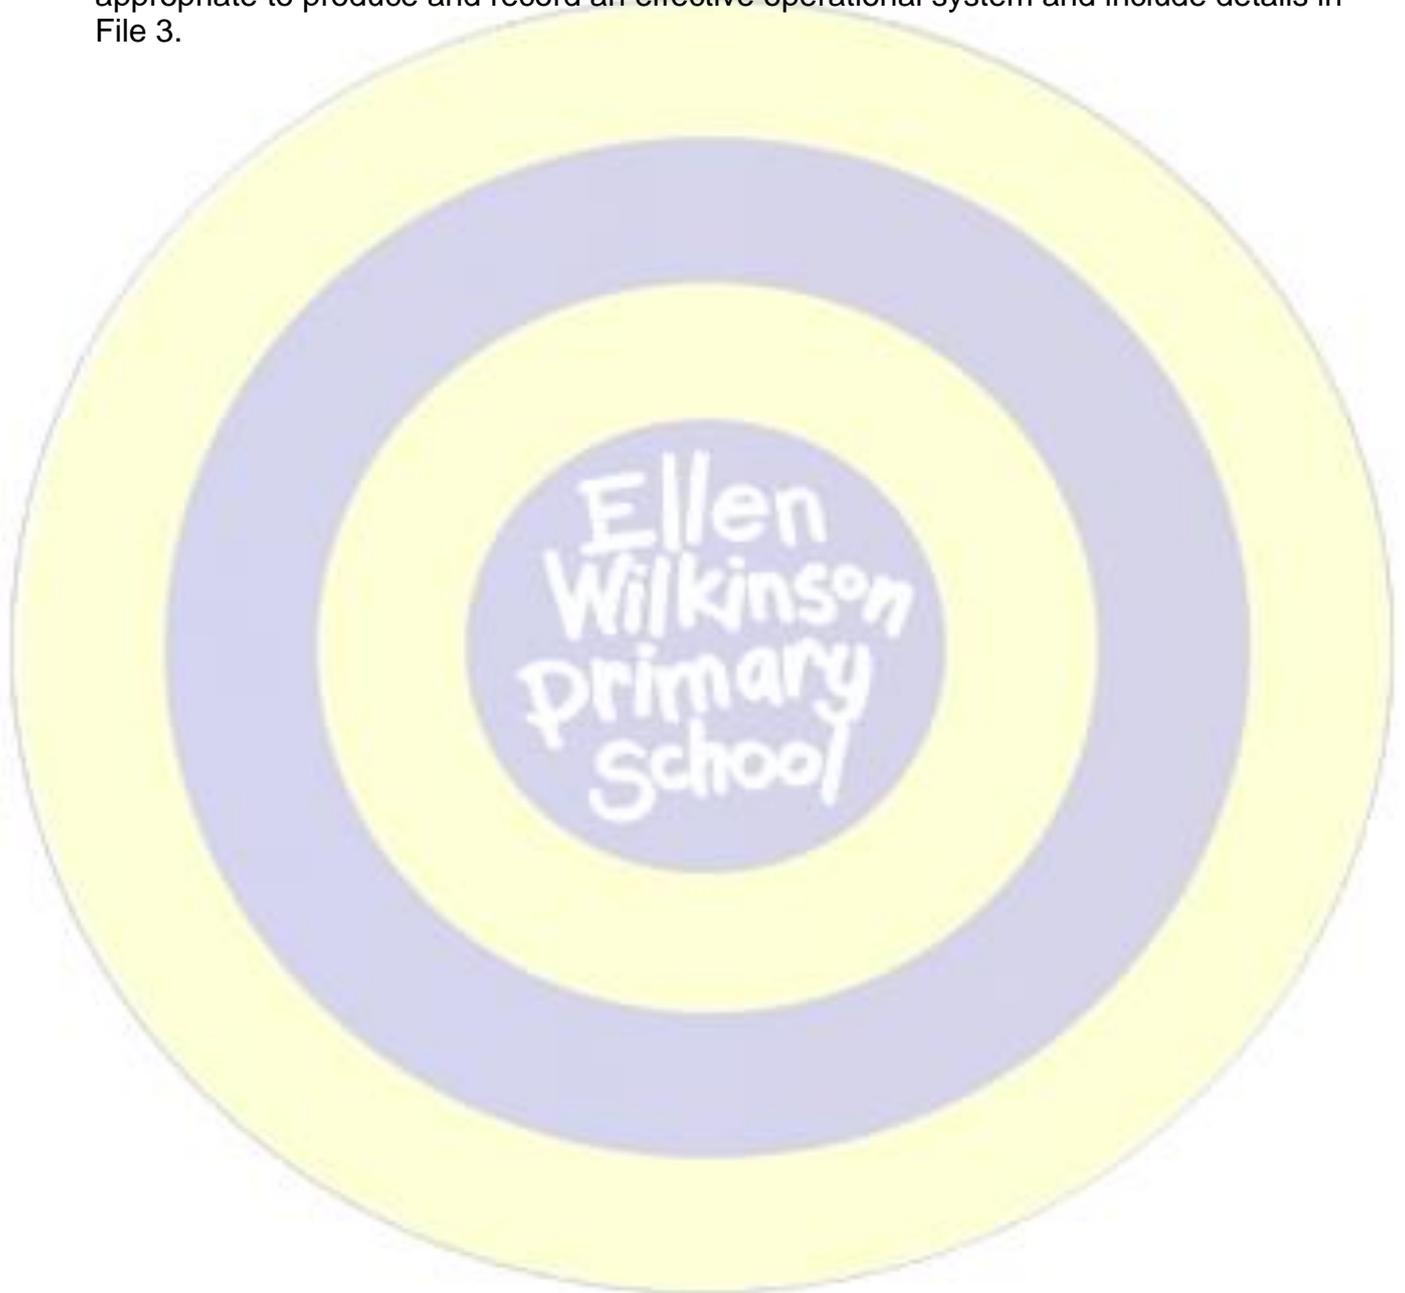

4. The Governing Body will, so far as is reasonably practicable, ensure that all activities under its control (including out of hours use of the school not subject to the direction of the LA), are carried out in accordance with the Health and Safety at Work Act 1974, associated Health and Safety law, relevant regulations, approved codes or practice, guidance notes, the Safety Policy of the London Borough of Newham and paying due regard to advice and information provided by the Authority's advisors.
5. The Governing Body recognises that the Newham Scheme for the Local Management of Schools states that the Authority retains the power to instruct schools carry out repairs in their areas of responsibility. Where the failure of the schools to carry out the identified repairs places in jeopardy the safety of the building or the occupants, or the delivery of education services consistent with the Council's statutory responsibility as a Local Authority further action can and will be taken.
6. The Governing Body will ensure that the school maintains, monitors and reviews Health and Safety policy and procedures when necessary amends it and the appropriate organisation, arrangements and procedures.

Headteacher

7. The Headteacher is responsible for carrying out those responsibilities in the London Borough of Newham Health and Safety Policy.
8. The Head requires that line managers, supervisors and employees with no responsibilities are aware of, and fulfil, their responsibilities as stated in the London Borough of Newham Policy.
9. The Head, responsible to the Governing Body and to Head of Service (Learning and Schools), will ensure that the Standard Procedures of the Local Authority are implemented and that the Authority's Information Bulletins are considered and acted upon as appropriate.

The school specific details of organisation and arrangements will be recorded in the school's File 3 of the Health and Safety management system.

10. In order to assist in the discharge of its responsibilities, the Head Teacher will summarise in their termly report to the Governing Body, any Health and Safety inspection report or audit received from the LA.
11. Where specific activities are carried out for which there is no Department Standard Procedure, the head teacher will work with the Authority and Governing Body as appropriate to produce and record an effective operational system and include details in File 3.

See Emergency Evacuation & Fire policies for further information

7. Illness/communicable diseases

For the above please refer to Newham and local polices on the implementation of reporting and dealing with issues

See full policy

8. Personal Safety & Security

Please refer to the Personal Safety and Security policy that will provide further information on the following:

- Ensuring the safety and security of the pupils, staff and other adults working in the school and at other sites.
- Protecting the equipment and resources of the school from theft and damage.
- Maintaining the fabric of the building against deliberate damage.

9. Risk Assessments

All staff must read and abide by the risk assessment(s) appropriate to their roles and/or site locations. These can be found in the work room of Ellen Wilkinson Primary School, Reception office of the Children's Centre and in the appropriate admin areas at other sites. If ever in doubt staff should check with their direct line manager before undertaking a task. Any concerns that are not rectified at this point should be referred directly to the Headteacher.

10. Sun Safety

It is important to ensure that children and staff are protected from skin damage caused by the harmful ultra – violet rays in sunlight. In order to do this the following must be followed:

- Children and adults are encouraged to wear clothes that provide good sun protection, and use sunscreens where appropriate. This includes wearing appropriate sun hats.
- The school will not administer sun creams without parental agreement. Parents and pupils will be encouraged to bring in sun creams when appropriate.
- Outdoor activities will be scheduled where possible at times other than the middle of the day when the sun's rays are most harmful.
- Areas of shade will be provided whenever possible, and people encouraged to use them during breaks, lunch – hours, sports and trips. An inside area will be made available for children to come completely out of the sun on the hottest days.
- Sunbathing is discouraged.
- Regular reminders sent to children, staff and parents about sun safety through newsletters, posters, parents meetings, and activities for pupils.

12. Training

- All new staff will undertake a Health and Safety induction on their appointment and will sign to indicate this has taken place.
- Certain posts and responsibilities may require further specific Health and Safety training such as COSHH, manual handling etc. This should be agreed as part of induction arrangements.
- Staff may also be required to undertake further training such as fire warden and first aid training relative to their role and responsibilities to support the creation of a safe working environment for themselves and other users.
- All training certificates must be given to the main office so that copies can be taken for personnel files and to support ensuring that training is refreshed at the appropriate time.
- Any member of staff can request further H&S training related to their role at any point, this request should be made to their line manager.

13. Whistleblowing

Please refer to the whistle blowing policy which provides protection for workers when disclosing information which may be regarded as confidential.

14. Working at Heights

The Work at Heights Regulations 2005 apply to all work at height where there is a risk of a fall liable to cause personal injury. This includes work by the Premises Manager and other staff doing displays etc.

The appropriate school provided equipment must be used in all cases, and the Working at Heights risk assessment (which is attached to these items) must be followed at all times.

Only members of staff who have attended 'Working at Heights' training may use the tall steps and in doing so must ensure that the measures identified in the risk assessment are strictly adhered to.
