Please note that this policy also pertains to practice in our Little Ellies Childcare. Therefore the term 'school' is used to cover all of these provisions.

1. Aims

The school aims to ensure that:

- A suitable member of staff is appointed as the designated teacher for looked-after and previously looked-after children
- The designated teacher promotes the educational achievement of looked-after and previously looked-after children, and supports other staff members to do this too
- Staff, parents, carers and guardians are aware of the identity of the designated teacher, how to contact them and what they are responsible for

2. Legislation and statutory guidance

This policy is based on the Department for Education's [statutory guidance on the designated teacher for looked-after and previously looked-after children](#).

It also takes into account [section 20](#) and [section 20A](#) of the Child and Young Persons Act 2008.

3. Definitions

3.1 Looked after children

Looked-after children are registered pupils that are:

In the care of a local authority, or

Provided with accommodation by a local authority in the exercise of its social services functions, for a continuous period of more than 24 hours

3.2 Previously looked after children

Previously looked-after children are registered pupils that fall into either of these categories:

They were looked after by a local authority but ceased to be as a result of any of the following:

- A child arrangements order, which includes arrangements relating to who the child lives with and when they are to live with them
- A special guardianship order
- An adoption order

They appear to the governing board to have:

- Been in state care in a place outside of England and Wales because they would not have otherwise been cared for adequately, and
- Ceased to be in that state care as a result of being adopted

3.3 Personal education plan (PEP)

Personal education plan (PEP) is part of a looked-after child's care plan that is developed with the school. It forms a record of what needs to happen and who will make it happen to ensure the child reaches their full potential.

3.4 Virtual school head (VSH)

Virtual school head (VSH) is a local authority officer responsible for promoting the educational achievement of their authority looked-after children, working across schools to monitor and support these pupils as if they were in a single school. The VSH is also responsible for providing information and advice to schools, parents and guardians in respect of previously looked-after children.

Governor

The name of a Governor with special responsibility for Looked After Children in the school:

Sam Coster

The role of that governor

The named governor will report to the Governing Body on an annual basis using the report from the Designated Teacher as source information:

- The number of looked after pupils in the school;
- A comparison of test scores as a discrete group, compared with those of other pupils;
- The attendance of pupils as a discrete group, compared to other pupils;
- The level of fixed term/permanent exclusions; and
- Pupil destinations after leaving the school

This report should be forwarded to Newham Virtual School.

The named governor should be satisfied that the school's policies and procedures ensure that looked-after pupils have equal access to:

- The curriculum;
- Public examinations;
- Additional interventions to support educational progress e.g. One to One tuition
- Careers guidance;
- Extra curricular activities;
- Work experience; and
- The most effective use of the Pupil Premium to raise attainment

The named Governor is encouraged to support the implementation of the role and responsibility of the Designated Teacher working with looked after children to ensure and confirm the schools' best practice.

The named Governor will be expected to have completed training on working with looked after children in school.

Whole School Responsibility

It is important that all teaching staff who are in contact with the child or young person are aware that he/she is being looked after by the Local Authority. The responsibility for the transfer of this information should be that of the Head Teacher and/or the Designated Teacher for Looked After Children.

It is appropriate for a classroom support assistant to have knowledge that the young person is in care only when directly involved in the teaching of the young person.

In the absence of the usual class teacher, some information regarding the child's circumstances should be shared with the teacher covering the class. The extent of this sharing should be determined by the Headteacher or the Designated Teacher.

Admission Arrangements

On admission, records will be requested from the pupil's previous school and a meeting will be held with carer/parent/Social Worker/Advisory Teacher as appropriate – but always involving someone with parental responsibility*. This will provide information to inform the Personal Education Plan. An appropriate school induction will take place.

Involve the Young Person

It is important that a young person is aware that information is being recorded regarding their personal circumstances. How this is shared with them clearly depends on their age and understanding. The explanation should emphasise that the school, the Social Worker, the Advisory Teacher and their carer(s) are working together to promote their education.

It is important that the young person is supported to complete the Pupil Consultation section of the Personal Education Plan to inform the PEP and Care Plan review meetings

It is important to establish the child's view of their changed circumstances and what they want others to know. It is also important to ensure that a Social Worker/teacher/carer prepares the child when they may be asked about home situations, by other pupils in the playground for instance.

Communication with Other Agencies

Schools should ensure that a copy of all reports (e.g. End of year reports) are forwarded to the young person's Social Worker in addition to the foster carer or Residential Social Worker and if appropriate parent/s and the Virtual School.

Schools and education and social work colleagues within Children's Social Care should endeavour to co-ordinate their review meetings, e.g. to have an Annual or a Statement Review and a Personal Education Plan meeting or review where at all possible.

It is important to exchange information between formal reviews if there are significant changes in the young person's circumstances, e.g. if school is considering a change of course, there is a change of care placement or there are significant issues that will affect educational provision eg; behaviour or attendance.

Assessment, Monitoring and Review Procedures

Each pupil in care will have a Care Plan that will include a Personal Education Plan (PEP) that is developed jointly by the Social Worker, the Advisory Teacher and Designated Teacher. This will identify specific areas of focus and include targets and associated action to improve the student performance or educational achievement. Areas for consideration will include:

- Achievement Record (academic or otherwise);
- Development needs (short and long term development of skills, knowledge or subject areas and experiences); and
- Long term plans and aspirations (targets including progress, career plans and aspirations).
- Educational Data so that progress may be easily tracked between Key Stages
- Extended learning opportunities;
- Involvement in Out of School Hours Activities;
- Special needs (if any);
- Attendance;
- Behaviour;

The PEP will be updated and reviewed three times a year or at the point of any major change and will contribute to the Statutory Reviewing process carried out by the Independent Reviewing Officer. The Designated Teacher is accountable for the implementation and review of the educational action to meet the targets within the Plan.

The named governor will report annually to the Governing Body on the progress of all children looked after against the key indicators outlined above.

*Education Law defines who is a parent very widely. It includes anyone who has parental responsibility for a child or who has care for them. This means it is possible for someone who does not have parental responsibility to be a 'parent' because they have care of the child in question for example the foster carer.
