Kingsford Community School is a place for excellence, achievement and progress, committed to enabling students to realise their potential through the provision of exciting opportunities. We celebrate and reward both effort and achievement as it is the most effective way to motivate students towards success. All staff work towards setting achievable targets for pupils and regularly review them, in order for each individual to observe and learn from their tangible progress and move forwards to even greater accomplishments.

Kingsford is a place for equality. Equality is at the core of everything we do. We believe that everyone is of equal value and entitled to equal opportunities. We have well established systems for monitoring equality. All Learning Areas have their own policies ensuring that curriculum planning supports our equal opportunities and inclusion strategies.

At Kingsford Community School our academic results consistently improve due to our ambitious and dedicated staff; the hard work of pupils and the support of their parents. Kingsford recently gaining the SSAT Leading Edge Status for 2015-2016, a certification designed for high performing schools with a commitment to raising achievement, highlights the academic progress being made at the school.

With a forward looking ethos and clear strategic direction, the school has led educational innovation. We strive to provide the highest quality opportunities in an inclusive student environment. At Kingsford we bridge the gap between independent and state schools and, this can be seen through our links to the London Academy of Excellence and Brighton College Sixth Form.
