## **Little Ellies**

### **Record keeping (Children's records)**

#### **Policy statement**

There are record keeping systems in place that meet legal requirements; in relation to storing and sharing information which falls under the framework of the General Data Protection Regulations (GDPR) and the Human Rights Act.

This policy and procedure is taken in conjunction with the Confidentiality Policy and our procedures for information sharing.

#### **Procedures**

We keep two kinds of records on children attending our setting:

##### **Developmental records**

- These include observations of children in the setting, photographs, video clips, samples of their work and summary of developmental reports.
- These are usually kept in the classroom and can be freely accessed, and contributed to, by staff, the child and the child's parents.

##### **Personal records**

- These include registration and admission forms, signed consent forms, and correspondence concerning the child or family, reports or minutes from meetings concerning the child from other agencies, an ongoing record of relevant contact with parents, and observations by staff on any confidential matter involving the child, such as developmental concerns or child protection matters.
- These confidential records are stored in a lockable file or cabinet and are kept secure by the person in charge in an office or other suitably safe place.
- Parents have access, in accordance with our GDPR policy, to the files and records of their own children but do not have access to information about any other child.
- Staff will not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs. Staff induction includes an awareness of the importance of confidentiality in the role of the key person.
- We retain children's records for three years after they have left the setting. These are kept in a secure place.
