

Dear Parents & Carers,

A final reminder that the Healthy Schools Streets' restrictions will come into effect from next Monday - **16th March 2026; 8.15 - 9.15 and 2.45 - 3.45**. Sign posts are already in place on Dove approach and surrounding roads that are affected.

Mother's Day gifts

Mother's day gifts will continue to be on sale tomorrow and Friday at break time, for children to buy. Gifts will range from 50p to £5 and we will only be accepting cash. Money raised will go towards school funds and pupil resourcing.

Visitors from Holland

We welcomed 5 of 20 educational consultants from Amsterdam - Holland in our school today. The group is exploring how inclusive education is organised and sustained in practice. Their aim is to better understand the conditions that allow inclusion to work in everyday school life. They have spent a useful morning with us from 9 -12 where they were taken on a school tour by our Ambassadors who did a sterling job explaining our school culture, vision values and ethos.

Kind regards,

Janice Owen-Amadasun (Headteacher)

Learning Tips

Bug Club

To encourage our children to continue to develop their love of reading, as well as develop their comprehension, fluency and language development, we would like to remind you of the Bug Club platform, which is available to all of our children, from Reception to Year 6.

Bug Club has over 500 finely levelled, interactive e-books, which children can access at home, if they have an internet connection.

Each child has a unique homepage and can log into it by following these steps:

1. Go to www.activelearnprimary.co.uk
2. Enter login details.
3. Your child's homepage will appear.

A link is also available on the school website, on the useful links page of the 'Learning Zone'. Each child has their own login details - please speak to your child's class teacher if you do not have them.

Our school code is: **sl69**

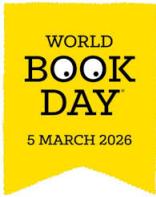

Books will be allocated to your child according to their reading levels and will appear in the 'My Stuff' area of their personal homepages.

Throughout the books there are quiz questions for your child to complete. To answer a question, just click on the bug icon. Your child does not need to finish all the quiz questions in one sitting and can come back to a book later. When your child has finished all the quiz questions in a book, he or she will earn 'Active Learn Coins'. By reading more books, your child will earn enough coins to choose a reward.

Please do encourage your child to read the books allocated to them on Bug Club. If you have any questions, or need assistance with logging on, please do speak to your child's class teacher.

General Information

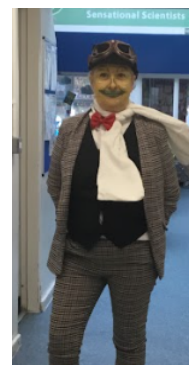

What an amazing World Book Day we had this year!

Thank you to everyone who dressed up and made the day so successful, as well as all of our parents and carers who . The costumes were fabulous and the excitement surrounding reading was brilliant!

The children all enjoyed listening to the teachers and classroom assistants read to them and swapping classes to read with older and younger children.

The children were excited to find out who had won best costume in the assembly that day. Congratulations to the children who did win (see below) and received a book as their prize.

We look forward to continuing to celebrate books and reading in our school and promoting reading for pleasure.

Mrs Blaker.

Measles outbreak in London: how to protect your child

There is currently a serious outbreak of suspected measles cases across London.

Measles is a very contagious virus that makes people feel sick with a high fever, cough, runny nose, and sore, watery eyes. It also causes a red or brown blotchy rash that spreads over the body. It can lead to serious problems if it spreads to other parts of the body, such as the lungs or brain.

That's why children, especially, need to be protected with a vaccination. If your child has not had both shots of the MMR vaccine, they could get measles.

And it's not just children, if you get measles when you're pregnant, it could harm your baby.

[Learn about childhood vaccines, and why your child should have them >](#)

THE CURIOUS CIRCLE

Neurodiversity Celebration Week

Wednesday 18 March
5pm- 6pm

Online Group for Parents/ Carers

Join experienced Forest School Leader and self-directed education advocate, **Elena**, for The CuriousCircle; a space for parents and carers to share experiences, advice and support-- an event in honour of Neurodiversity Celebration Week.

We welcome everyone to attend with curiosity and openness; whether or not your child is neurodivergent/diagnosed/undiagnosed - we are all part of a neurodiverse community which includes neurotypical individuals!
